

# DM553 – Complexity and Computability – 2018

## Lecture 15

### **Lecture, April 24**

We covered sections 2.4.3, 3.1, and 3.2 from the notes.

### **Lecture, April 25 (8:15-10:00)**

We will cover sections 3.3 and 3.5 from the notes and then cover median finding from section 9.3 in CLRS.

### **Lecture, May 1**

We will begin on approximation algorithms from chapter 35 of CLRS.

### **Problems to be discussed on May 3**

1. Finish any problems not yet completed from last time.
2. 9.3-1, 9.3-2, 9.3-3, 9.3-4, 9.3-7, 9.3-9 in CLRS.
