

Introduction to Computer Science E05 – Lecture 14

Lecture, October 24

We continued with chapter 10 of the textbook, covering through section 10.4. We also discussed which topics covered in this course are covered in which courses you may be taking later in your studies.

Lecture, October 27

Lene Monrad Favrholt will be lecturing on bioinformatics and on-line algorithms.

Recall that the last assignment is due 10:00, Friday, October 28, in my office.
