

Introduction to Computer Science F14 – Discussion Section – Week 49

1. If there were problems from last week that you did not get to, look at them.
2. Questions 3 and 8 on pages 497–498.
3. Questions 1 and 2 on page 511.
4. Problems 7, 8, 12, 22, 23, 24, 25, 27 (equations like this are solved automatically using the problem by Michael Schwartzbach on the following Web site: <http://iftek.dk/ligningsloser>), 34, and 38 on pages 516–519.
