

DM205 – On-Line Algorithms – Lecture 12

Lecture, October 12

- Borodin & El-Yaniv, Sections 10.0–10.2, 10.4, 10.6.

Announcements

- Note that all students will receive a copy of the exam sequence list (the order in which students will be examined) via e-mail before the exam, so that you know where you appear in the sequence. You should already know that the exam will be held in the seminar room. Please refer to the course home page for all other practical information regarding the course and the exam.
