

DM205 – On-Line Algorithms – Lecture 11

Lecture, October 7

- Borodin & El-Yaniv, overview of Chapters 7 and 8, skipping most proofs other than Theorem 8.7.

Lecture, October 12

- Borodin & El-Yaniv, Sections 10.0–10.2, 10.4, 10.6.

Announcements

- Note that we will meet all the usual three times next week, i.e., the last three times we will meet in this course are October 11, 12, and 14.
- Recall that the oral exam is scheduled for November 5. Most exam information is now available via the course home page.
